

QXCI Training

Professional training for the Quantum Biofeedback system is available for interested groups and individuals. Both the purchase of the device and training are possible through a number of manufacturers and distributors.

Various packages include:

- Personal orientation and training
- Quantum Biofeedback system device
- NBCT certification training
- Advanced training within the first year
- Anatomy and physiology course
- Ongoing, practitioner and technical support
- Training clinics
- Certified practitioner listing on website

Please contact with me with any questions.
